# TABLE OF CONTENTS

**Volume 2**  **Number 3**  **August 2012**

**Production of Carbon Nanotubes and Hydrogen Catalyzed with Ni/MCM-41 Catalysts**  
Z. Q. Wang, J. Navarrete  
Page 91

**Ultrasonically Assisted Regioselective Nitration of Aromatic Compounds in Presence of Certain Group V and VI Metal Salts**  
S. Sana, K. C. Rajanna, K. R. Reddy, M. Bhooshan, M. Venkateswarlu, M. S. Kumar, K. Uppalaiah  
Page 97

**Some New Questions about the Seasonal Decrease of the Ozone Layer**  
J. G. Velasco  
Page 112

**Investigation of a Simple and Cheap Source of a Natural Indicator for Acid-Base Titration: Effects of System Conditions on Natural Indicators**  
D. A. Abugri, O. B. Apea, G. Pritchett

PRODUCTION INFORMATION

For manuscripts that have been accepted for publication, please contact:
E-mail: gsc@scirp.org
Green and Sustainable Chemistry (GSC) covers subjects relating to reducing the environmental impact of chemicals and fuels by developing alternative and sustainable technologies that are non-toxic to living things and the environment. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of Green and Sustainable Chemistry.

Subject Coverage

This journal invites original research and review papers that address the following issues. Topics of interest include, but are not limited to:

- Biotechnology Alternatives
- Chemical Aspects of Renewable Energy
- Design of New, Greener and Safer Chemicals and Materials
- Environmentally Improved Routes and Methods
- Improved Process Engineering
- Improved Production Methods, Formulation and Delivery Systems
- Methodologies and Tools for Measuring Environmental Impact
- Sustainable Resources
- The Use of Biotechnology Alternatives to Chemistry-Based Solutions

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the GSC.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
