Subject Coverage
The journal publishes original papers including but not limited to the following fields:

• Financial engineering
• Financial statistics
• Pricing theory of securities and portfolio
• Quantitative economics

• Solutions to PDEs
• Stochastic optimization and control
• Stochastic processes

We are also interested in: 1) Short Reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews—Comments and critiques.

Notes for Intending Authors
Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
