PRODUCTION INFORMATION

For manuscripts that have been accepted for publication, please contact:
E-mail: mri@scirp.org
Modern Research in Inflammation (MRI) is an openly accessible journal published quarterly. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of Inflammation.

**Subject Coverage**

All manuscripts must be prepared in English, and are subject to a rigorous peer-review process. Accepted papers will immediately appear online followed by printed in hard copy. The areas covered by Modern Research in Inflammation (MRI) include but are not limited to the following fields:

- Acute/Chronic Inflammation
- Cellular Processes
- Clinical Conditions Involving Inflammation
- Clinical Studies of Inflammation
- Inflammation Mediators
- Mechanisms of Tissue Injury and Cytotoxicity
- Molecular Mechanisms
- Pharmacology and Novel Anti-Inflammatory Drugs

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

**Notes for Intending Authors**

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
