Dr. Shilei Yang
Prof. Peng-Yeng Yin
Dr. Xiaohang Yue

Subject Coverage

This journal invites original research and review papers that address the following issues in operations research. Topics of interest include, but are not limited to:

1. Operations Research and Optimization Theory and Research

2. Manufacturing and Service Operations Research
   Forecasting, Inventory, Location, Logistics, Transportation, Warehousing and Maintenance, Planning and Scheduling, Product and Service Design

3. Interfaces with Other Disciplines

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the AJOR.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
