Editor-in-Chief

Dr. Ke Liu                        National Institute of Clean and Low-Carbon Energy (NICE), China

Associate Editor-in-Chief

Prof. Badie I. Morsi             University of Pittsburgh, USA

Editorial Board

Dr. Eleanor Binner               University of Nottingham, UK
Prof. Guoqian Chen               Peking University, China
Dr. Zhanming Chen                Renmin University of China, China
Prof. Carmen Clemente-Jul        Technical University of Madrid, Spain
Prof. Mengxiang Fang             Zhejiang University, China
Dr. V. P. Indrakanti             Leonardo Technologies Inc., USA
Dr. A. Y. Klimenko               The University of Queensland, Australia
Dr. Sanghoon Kook                University of New South Wales, Australia
Dr. Jarosław Krzywański          Jan Długosz University in Częstochowa, Poland
Prof. Wenying Li                 Taiyuan University of Technology, China
Dr. Guoxiang Liu                 University of North Dakota, USA
Dr. Kanchan Mondal               Southern Illinois University at Carbondale, USA
Dr. Hai Yu                       CSIRO Energy Technology, Australia
Dr. Jianjun Zhang                China University of Geosciences, China

PRODUCTION INFORMATION

For manuscripts that have been accepted for publication, please contact:
E-mail: ijcce@scirp.org
International Journal of Clean Coal and Energy (IJCCE) is an international journal concerned with exploration, production, processing, storage and transportation, economical, managerial, business, environmental, safety and security issues related to coal and energy. The goal of this journal is to provide a platform for researchers and academics all over the world to promote, share, and discuss various new issues and developments in clean coal and energy related problems.

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Carbon Management, CO₂ Sequestration and Storage
- Clean Coal and Energy Policy
- Clean Energy
- Clean Production and Technology
- Coal Business and International Trade Regulations
- Coal-Water Slurry Fuel
- Economical Issues Related to Coal Industries
- Efficiency of Energy Utilization
- Environmental Impact of the Coal Industry
- Future Technology and Business in Coal and Energy
- Political and Governmental Issues Related to Coal Industries
- Production of Coal Liquid and Related Processes
- Refined Coal
- Related Safety and Security Issues
- Role of Nanotechnology and Biotechnology in Coal Production and Processing
- Storage and Transportation of Coal

We are also interested in: review papers, technical reports, case studies, conference reports, industrial reports, management reports, book reviews, research notes, and news. Special issues to important topics related to coal technology and related industries, businesses and policies will be published.

What is SCIRP?
Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

What is Open Access?
All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
