Editorial Board

Prof. Ahmed Abdel Khalek Abdel Razek
Mansoura University, Egypt

Prof. Jafri Malin Abdullah
University Sains Malaysia, Malaysia

Prof. Ana Adan
University of Barcelona, Spain

Dr. Aygun Akay
Dokuz Eylul University, Turkey

Prof. Saleh Mohammad Al-Hussain
Jordan University of Science and Technology, Jordan

Dr. Declan William Ali
University of Alberta, Canada

Prof. Gjumrakch Aliev
University of Atlanta, USA

Dr. Alessandro Bertolino
University of Bari, Italy

Prof. Stefan J. Borgwardt
University of Basel, Switzerland

Dr. Raymond Chuen-Chung Chang
University of Hong Kong, China

Prof. Chuansheng Chen
University of California, USA

Dr. Kanwaljit Chopra
University Institute of Pharmaceutical Sciences, Panjab University, India

Dr. Christos Constantinidis
Wake Forest School of Medicine, USA

Dr. Alexandre Croquelois
University of Lausanne, Switzerland

Dr. Darin D. Dougherty
Harvard Medical School, USA

Dr. Valentina Echeverria
Bay Pines Veterans Affairs Healthcare System, USA

Dr. Perry Neil Fuchs
University of Texas at Arlington, USA

Dr. Cheng-Xin Gong
New York State Institute for Basic Research in Developmental Disabilities, USA

Prof. Yasuo Iwasaki
Department of Neurology Toho University Omori Hospital, Japan

Dr. Chella Kamarajan
SUNY Downstate Medical Center, USA

Dr. James J. Levitt
Brockton VA Medical Center, USA

Dr. Liana Lins Melo
Universidade Federal de Sao Paulo, Brazil

Prof. Joseph Mizrahi
Israel Institute of Technology, Israel

Prof. Kazushi Okamoto
Aichi Prefectural University, Japan

Prof. George Perry
University of Texas at San Antonio, USA

Dr. Arcady Putilov
Russian Academy of Medical Sciences, Russia

Dr. Irawan Satriotomo
University of Wisconsin, USA

Dr. Vijay K. Sharma
National University Hospital, Singapore

Prof. Karam F. A. Soliman
Florida A&M University, USA

Dr. David C. Spencer
Oregon Health & Science University, USA

Dr. Zheng Su
Genentech Inc., USA

Prof. Makio Takeda
Kobe University, Japan

Dr. M. Afzal Upal
Defence Research & Development, Canada

Prof. Xin-Fu Zhou
Flinders University, Australia

PRODUCTION INFORMATION

For manuscripts that have been accepted for publication, please contact:
E-mail: jbbs@scirp.org
Journal of Behavioral and Brain Science (JBBS) is an international journal dedicated to the latest advancement of behavioural and brain function. Articles dealing with the neuroanatomical and neurochemical basis of behavior are especially welcomed. Multidisciplinary contributions from all fields of the neurosciences are encouraged so long as emphasis is placed in investigating the biological substrates of behavior and of mental processes underlying behavior.

Subject Coverage

This journal invites original research and review papers that address the following issues in bioscience and biotechnology. Topics of interest include, but are not limited to:

- Cognitive Neuroscience
- Neurobiology
- Neurology
- Neuropharmacology and Psychopharmacology
- Neurosurgery
- Psychiatry

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the JBBS.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handle electronically through the website. All papers are refereed through a peer review process. Authors are responsible for having their papers checked for style and grammar prior to submission to JBBS. For more details about the submissions, please access the website.

**What is SCIRP?**
Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science, by delivering superior scientific publications and scientific information solution provider that enable advancement in scientific research.

**What is Open Access?**
All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, world-wide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
