Table of Contents

Volume 9  Number 9  August 2018

Metabolic Response of the Two Marine Unicellular Algae *Chlorella salina* and *Dunaliella bardawil* to Toxicity of the Antifouling Agent Irgarol 1051
M. Kaamoush .................................................................................................................................................. 895

Assessment of Growth, Carbon Stock and Sequestration Potential of Oil Palm Plantations in Mizoram, Northeast India

Inorganic Elements in Eggs of Two Cavity-Nesting Passerine Species at and around Los Alamos National Laboratory, Los Alamos, New Mexico
S. M. Gaukler, C. D. Hathcock, J. M. Fair ...................................................................................................... 932

Element Composition of the Atmospheric Depositions in Bangladesh

What Makes a Greener Building? Lessons from Taiwan
C.-Y. Wu, S.-F. Lo ........................................................................................................................................ 957

Risk and Economic Development in the Provision of Public Infrastructure
F. Bloetscher .................................................................................................................................................... 973

Agent-Based Modeling: An Application to Natural Resource Management
I. R. González, G. E. D’Souza, Z. Ismailova .................................................................................................. 991
Journal of Environmental Protection (JEP)

Call for Papers

Journal of Environmental Protection (JEP)

ISSN: 2152-2197 (Print)  ISSN: 2152-2219 (Online)
http://www.scirp.org/journal/jep

JEP is an international refereed journal dedicated to the latest advancement of Environmental Protection. The goal of this journal is to keep a record of the state-of-the-art research and promote the research work in these fast moving areas.

Editors-in-Chief
Prof. Thangarasu Pandiyam
National Autonomous University of Mexico (UNAM), Mexico
Prof. Qingren Wang
University of Florida, USA

Subject Coverage
This journal invites original research and review papers that address the following issues in Environmental Protection. Topics of interest include, but are not limited to:

● Air pollution and air quality
  Air pollution monitoring and modeling
  Air pollution prevention and control
  Air quality measurement and management
  Sources of air pollution
  Urban/indoor air pollution and control

● Ecosystem restoration, toxicology and sustainability
  Ecosystem restoration
  Environmental toxicology
  Greenhouse gas emission monitoring and solutions
  Hazardous materials management
  Radiation safety in atomic industry
  Solid waste management
  Sustainable development of environment and ecosystem

● Environment assessment and policy
  Environmental impact assessment
  Environmental policy
  Risk assessment of contaminated environments
  Water resources and quality assessment
  Water resource protection and sustainable use

● Environmental pollution and public health
  Chemical pollutants and its effects on health
  Effects of air pollution on public health
  Food and drug safety control
  Global climate changes and human health
  Land pollution and its effects on health

● Hydrology and water quality
  Ground water pollution control
  Hydrobiology and water pollution
  Methods of monitoring water quality
  Modeling and measuring of water pollution

● Wastewater treatment and utilization
  New wastewater treatment technologies
  New water purification technologies
  Purification of drinking-water supplies
  Treatment, disposal and discharge of wastewater

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the JEP.

Notes for Intending Authors
Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
