Editor-in-Chief

Prof. Yashwant K. Malaiya      Colorado State University, USA

Editorial Board

Dr. Nicoletta Adamo-Villani  Purdue University, USA
Prof. Kuang-Hua Chang         The University of Oklahoma, USA
Dr. Calvin Yu-Chian Chen     China Medical University, China
Dr. Kim-Kwang Raymond Choo   University of South Australia, Australia
Prof. Steven A. Demurjian    The University of Connecticut, USA
Dr. Phan H. Giang            George Mason University, USA
Dr. Zonghua Gu              Zhejiang University, China
Dr. Nabil Hameurlain         University of Pau, France
Dr. Wolfgang Herzner         Austrian Institute of Technology, Austria
Dr. Jacky Wai Keung          City University of Hong Kong, China
Dr. Mitsuhiro Kimura         Hosei University, Japan
Prof. Chang-Hwan Lee         Dongguk University, South Korea
Prof. Anthony F. Norcio      University of Maryland, USA
Dr. Indrajit Saha            National Institute of Technical Teachers’ Training & Research, Kolkata, India
Prof. Janche Sang            Cleveland State University, USA
Prof. Chintakindi Sanjay     GITAM University, India
Prof. Midthe V. Srinath      Mahendra Engineering College, India
Dr. Eliot Winer             The Iowa State University, USA
Dr. Yongfeng Yin            School of Reliability and System Engineering, Beihang University (BUAA), China
Prof. Xin Yuan               Florida State University, USA
# Table of Contents

**Volume 11  Number 11  November 2018**

**Exploring the Characteristics of Business Process Modeling Solutions in the Saudi Market**
A. H. Naytah, B. Y. Alkazemi
521

**Performance Evaluation of Edge Detection Using Sobel, Homogeneity and Prewitt Algorithms**
A. K. M. Baareh, A. Al-Jarrah, A. M. Smadi, G. H. Shakah
537

**A Grammatical Approach of Multi-Localization of GUIs: Application to the Multi-Localization of the Checkers Game GUI**
M. T. Tchendji, F.-V. T. Ahoukeng
552

Call for Papers

Journal of Software Engineering and Applications (JSEA)

ISSN 1945-3116 (print)  ISSN 1945-3124 (online)
http://www.scirp.org/journal/jsea

JSEA is a professional journal in the field of software engineering and application. The goal of this journal is to provide an international platform for engineers and academicians all over the world to promote, share, and discuss various new issues and development in the field of software engineering. It is an archival publication to disseminate the results of fundamental and applied research, especially those relevant to software engineering. This journal aims to encourage deeper understanding and greater effectiveness in the theory analysis and engineering application relevant to software engineering fields.

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Automated Software Design and Synthesis
- Automated Software Specification
- Component-Based Software Engineering
- Computer-Supported Cooperative Work
- Formal Methods
- Knowledge Acquisition
- Object-Oriented Technology
- Patterns and Frameworks
- Process and Workflow Management
- Program Understanding Issues
- Programming Languages and Software Engineering
- Reflection and Metadata Approaches
- Reliability and Fault Tolerance
- Requirements Engineering
- Reverse Engineering
- Software Architecture
- Software Design Methods
- Software Domain Modeling and Meta-Modeling
- Software Engineering Decision Support
- Software Engineering Education
- Software Maintenance and Evolution
- Software Process Modeling
- Software Quality
- Software Reuse
- Software Testing
- Tutoring, Help, Documentation Systems

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the JSEA.

Notes for Prospective Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

Website and E-mail

What is SCIRP?
Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

What is Open Access?
All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
