PRODUCTION INFORMATION

For manuscripts that have been accepted for publication, please contact:
E-mail: ojapo@scirp.org
Open Journal of Apoptosis (OJApot)

ISSN Print: 2168-3832  ISSN Online: 2168-3840
http://www.scirp.org/journal/ojapo/

*Open Journal of Apoptosis (OJApot)* is an open access journal published quarterly. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of apoptosis.

**Subject Coverage**

All manuscripts must be prepared in English, and are subject to a rigorous peer-review process. Accepted papers will immediately appear online followed by printed in hard copy. Topics to be covered by this journal include, but are not limited to:

- Apoptosis DNA fragmentation
- Apoptosis implication in ageing
- Apoptosis implication in AIDS
- Apoptosis implication in autoimmune disease
- Apoptosis implication in cancer
- Apoptosis implication in cardiovascular disease
- Apoptosis implication in neurodegenerative disorders
- Apoptosis implication in osteoporosis
- Apoptosis implication in viral infection
- Apoptosis in plants
- Apoptosis pathways
- Caspase independent apoptosis
- Defective apoptotic pathways
- Hyperactive apoptosis
- Inhibition of apoptosis
- Programmed cell death

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

**Notes for Intending Authors**

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
