PRODUCTION INFORMATION

For manuscripts that have been accepted for publication, please contact:
E-mail: psych@scirp.org
PSYCH is an international refereed journal dedicated to the latest advancement of Psychology. The goal of this journal is to keep a record of the state-of-the-art research and promote the research work in these fast moving areas.

Subject Coverage

This journal invites original research and review papers that address the following issues in Psychology. Topics of interest include, but are not limited to:

Behavioral Psychology  
Biological Basis of Behavior  
Clinical Psychology  
Cognitive Psychology  
Counseling Psychology  
Cultural Psychology  
Economic Psychology  
Educational Psychology  
Engineering Psychology  
Environmental Psychology  
Ethics in Psychology  
Family Psychology and Couples Psychology  
Forensic Psychology  
Gerontology  
Health Psychology  
Intelligence Psychology  
Managerial and Leadership Psychology  
Military Psychology  
National Psychology  
Neuropsychology  
Political Psychology  
Professional Practice  
Psychological Assessment and Evaluation  
Psychology of Art  
Psychology of Religion  
Psychotherapy  
Safety Psychology  
School Psychology  
Scientific Psychology  
Social Psychology  
Sport Psychology  
Traffic Psychology  
Work, Industrial and Organizational Psychology  
Others

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the PSYCH.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

What is SCIRP?
Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science, by delivering superior scientific publications and scientific information solution provider that enable advancement in scientific research.

What is Open Access?
All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, world-wide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
